

# RETROVI: A WORLD OF CREATION REDISCOVERED

Discover Cyprus' exquisite handicraft in its contemporary, revamped version. Authentic embroidery in wonderful colours and combinations is used to create elegant clutch bags, unique pieces of a collection which respects the tradition and history of Cyprus' needlework while, at the same time, enhancing it with a never-ending passion for creation.

Lefkaritiko lace, the finest of arts, draws inspiration from nature, flowers and the landscapes of the countryside, and skillfully combines them to create enchanting images of incredible elegance.

With a history dating back 600 years and its inclusion in UNESCO's Representative List of Intangible Cultural Heritage of Humanity, this is one of the most prominent and internationally acclaimed handiworks.

The lace-makers of Lefkara village in Larnaca are proud to keep the tradition alive, each enriching her design work with her own personal creative stamp.

Imaginative Fythkriotiko fabric is influenced by folklore and geometrical patterns dating back thousands of years – from pottery, mosaics and reliefs – its texture is also embossed and comes in a range of Mediterranean colours, playing with fascinating combinations.

Developed in the Paphos district and specifically around Fyti village, this type of textile is exclusively woven on the loom.

The beauty and uniqueness of each creation could not be better represented than by royal names in Cyprus history. The renowned queens of Cyprus, retrovi bags are named after, are Berengaria of Navarre, Alice of Champagne, Isabella of Ibelin, Eleonora of Aragon, Charlotte, Elena Palaiologina and Caterina Cornaro.

The crochet collection developed, showcasing the island's never-ending sunny mood, is naturally named after the goddess of love and beauty, Aphrodite.

Retrovi invites us to relive Cyprus' beauty: the clear blue waters, the golden sand, the plowed fields, the wildflowers, the cobblestone streets, the architecture, the arts and the handicraft of the island. 🌸
